PROFILE SUMMARY

Bachelor of Pharmacy (B.Pharm) student graduating in 2027 with academic knowledge of pharmaceuticals, pharmaceutical chemistry, pharmacology, pharmaceutical analysis, and dosage-form evaluation. Familiar with formulation preparation, basic laboratory techniques, scientific documentation, medicine storage, and inventory practices. Seeking an entry-level opportunity in Pharmaceutical Production, Quality Assurance (QA), Quality Control (QC), or Research and Development (R&D).

TECHNICAL SKILLS

Pharmaceutical Sciences: Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmaceutical Analysis, Dosage Forms

Quality and Compliance: Quality Assurance (QA), Quality Control (QC), GMP, GLP, SOPs, Documentation, Validation Concepts

Laboratory Techniques: pH Measurement, Weighing Balance, Titration, Melting Point Determination, Basic UV Spectrophotometry, Pharmaceutical Calculations, Compounding, Laboratory Safety

Formulation and Evaluation: Syrups, Lotions, Gels, Creams, pH, Viscosity, Homogeneity, Stability Evaluation, Drug–Excipient Compatibility

Computer Skills: MS Word, Excel, PowerPoint, Data Recording, Report Preparation, Scientific Documentation

Additional Knowledge: Prescription Interpretation Basics, Pharmaceutical Packaging, Dosage Calculations, Laboratory Record Maintenance, Sample Handling, Quality Documentation

EDUCATION

Bachelor of Pharmacy (B.Pharm) 2023–2027

Galgotias College of Pharmacy

Intermediate (Class XII) 2023

S.S.M.C.D. College, Dahiya, Begusarai, Bihar

High School (Class X) 2021

S.P.N.S. High School, Baaro, Begusarai, Bihar

HOSPITAL TRAINING

Life Line Hospital and Research Centre Barauni, Begusarai, Bihar

Hospital Training / Practical Exposure

- Observed medicine dispensing, prescription handling, medicine storage, stock maintenance, and inventory practices.
- Gained introductory exposure to hospital SOPs, safety protocols, and responsible medicine handling.
- Learned the importance of prescription accuracy, patient confidentiality, and appropriate medicine storage.
- Observed stock organization, expiry-date monitoring, and safe handling of pharmaceutical products.

ACADEMIC PROJECTS

Pharmaceutical Chemistry and Analysis

- Studied phenytoin-related synthesis exercises, melting point determination, and qualitative and quantitative analysis.

Pharmaceutical Formulation Preparation and Evaluation

- Prepared academic syrups, lotions, gels, and creams; studied pH, viscosity, homogeneity, stability, and drug–excipient compatibility as applicable.

Pharmaceutical Quality and Laboratory Practices

- Studied laboratory safety, accurate measurements, experimental observations, and systematic data recording.
- Reviewed SOP compliance, quality checks, and proper documentation in pharmaceutical laboratory work.

INDUSTRIAL VISITS AND CERTIFICATIONS

Educational Visit – Dr. Willmar Schwabe India 6 August 2026

Noida, Uttar Pradesh. Educational visit undertaken as part of the B.Pharm curriculum.

CONFERENCES AND ACHIEVEMENTS

AKTU-Sponsored International Conference 21–22 August 2026

- Participated as a delegate in “Deriving AI Innovation: Best Practice for Implementation in Pharma Healthcare,” organized by RAM-EESH Institute of Vocational & Technical Education. Certificate ID: CONF2026D9D4AB.
- Presented the poster “Novel Approaches for Enhancing Immunity Against Viral Infection” at the conference.

PharmaInnovate International Conference 2025, 2024

Participated in conferences organized by Galgotias College of Pharmacy.
